Insurance providers

READ CAREFULLY

- Before choosing any insurance, read the *Student Information and Action List* ([Student Zone](#))¹. The choice of insurance provider(s) remains the student's responsibility.
- **Check and compare** the various offers and only sign a contract (or any other insurance contract such as for housing) if you are sure. This commits you to your Insurance provider.
- Check if **tacit renewal** applies to your contract.
- French banks also offer insurance policies, you can inquire with them (see the list of banks in Student Zone)
- This is a non-exhaustive list. For more information about insurances agencies in Le Creusot, you can follow the link below.

¹**NOTE:** The **French Social Security (basic health care) scheme** is **free of charge** for all, and is managed by the national **CPAM institution** (“Caisse Primaire d’Assurance Maladie”). Once students are duly enrolled in the system and consequently have received their registration number, they can apply for the French national **supplementary insurance scheme CMU-C** through CPAM. In some cases this CMU-C supplementary health cover can be free of charge.

See section *Insurances*, paragraph 2, page 12 for further details.
